PURPLETREE SMART SEARCH SUGGESTIONS FOR OPENCART V3 AND V2

This extension provides smart suggestions as you type for searching on an opencart store.

You can add to cart directly from search results, if there are no mandatory options to be chosen for the product. Otherwise, product options are displayed.

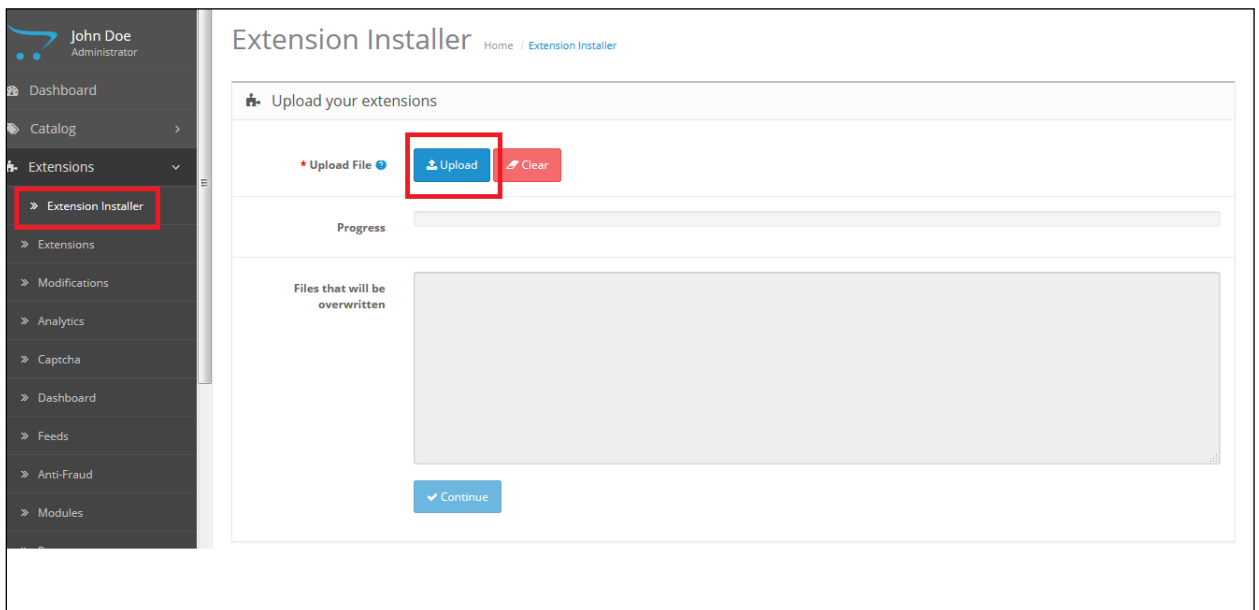

Categories matching with the query are also displayed in separate section in suggestions.

1 INSTALLATION

Before installation, make sure the OpenCart Extension Installer is correctly configured, especially for the FTP settings, including the FTP Root. See <http://docs.opencart.com/extension/installer> for more details.

1. Go to “Extensions” -> “Extension Installer”

2. Click on upload and choose appropriate extension for your opencart version and upload the file purpletree-search-autocomplete-<version>.ocmod.zip.
3. Go to “Extensions” -> “Modifications”. You should see an entry for this – “Search Autocomplete for OpenCart<version>”.

Modifications [Home / Modifications](#)

Whenever you enable / disable or delete a modification you need to click the refresh button to rebuild your modification cache!

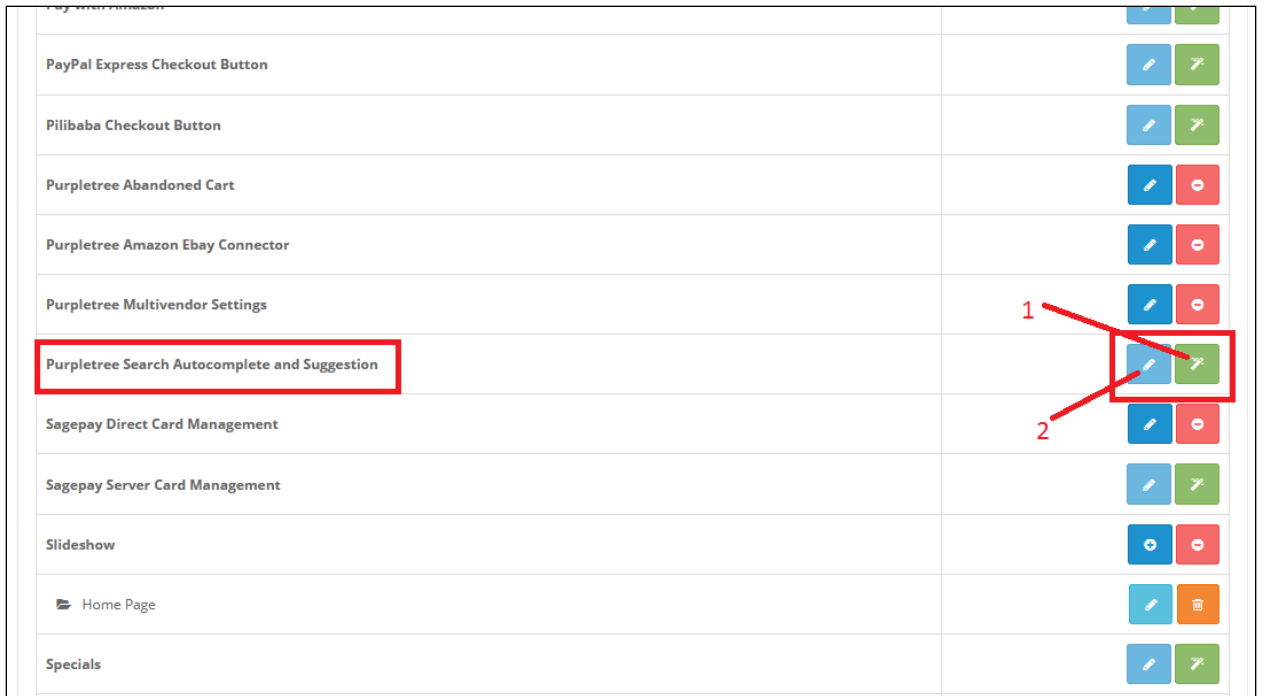

Modification List

General Log

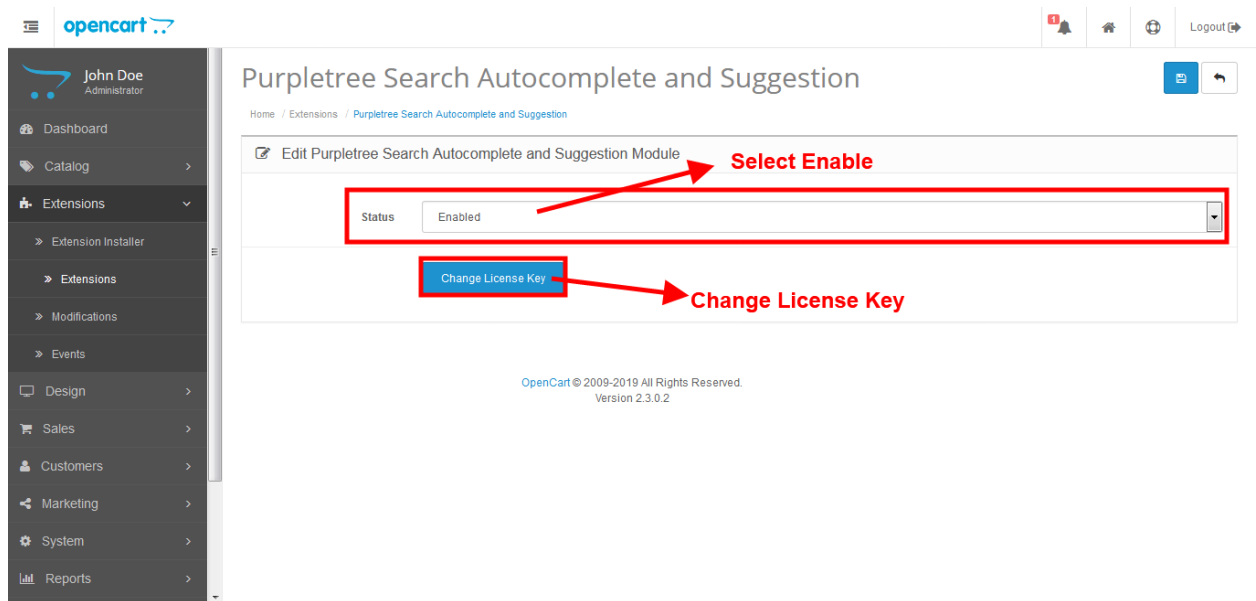

<input type="checkbox"/>	Modification Name ▼	Author	Version	Status	Date Added	Action
<input type="checkbox"/>	Local copy OCMOD by iSenseLabs	iSenseLabs	1.3	Enabled	09/08/2017	 
<input type="checkbox"/>	Purpletree Social login for OpenCart 2.x	Purpletree	2.x	Enabled	09/08/2017	 
<input type="checkbox"/>	Search Autocomplete for OpenCart 2.x	Purpletree	2.x	Enabled	16/08/2017	 

Showing 1 to 3 of 3 (1 Pages)

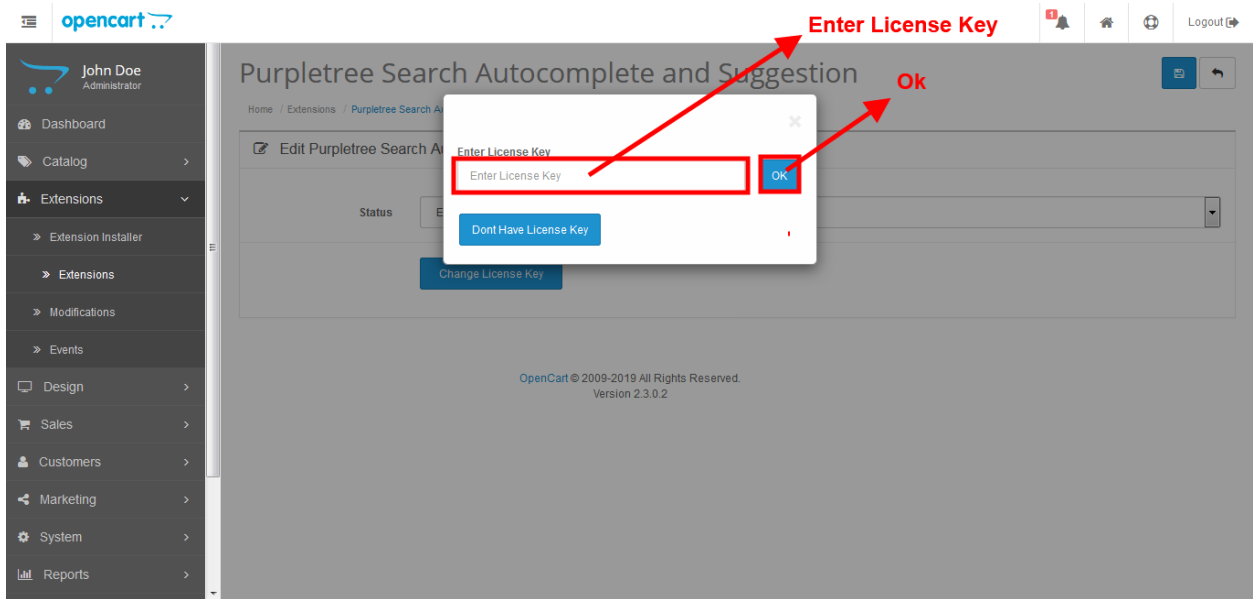

4. Click on the Refresh button, on top right of the page
5. Now go to “Extensions->extensions”(For opencart version 2.3.x or earlier) and “Extensions->modules”(For versions older than 2.3.x) select modules, search for “Purpletree Search Autocomplete and Suggestion” and click on button 1(green) to install module then button 2(blue) for editing status

6. Click on “Get License” button. Enter License Key –This key is provided when you purchase the Extension.

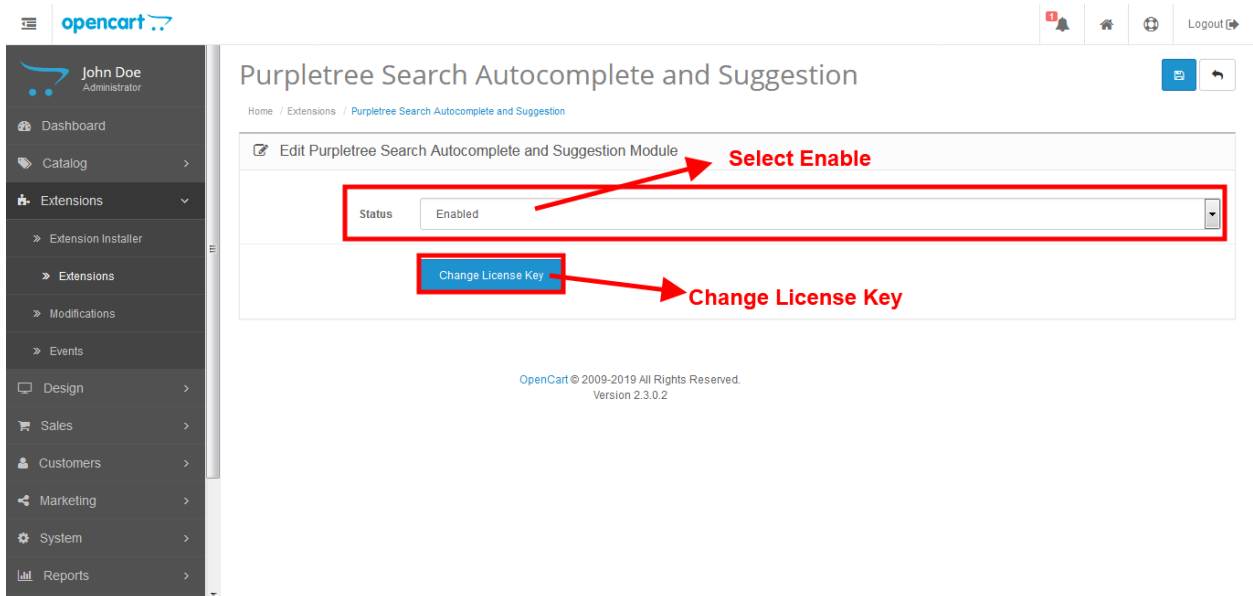

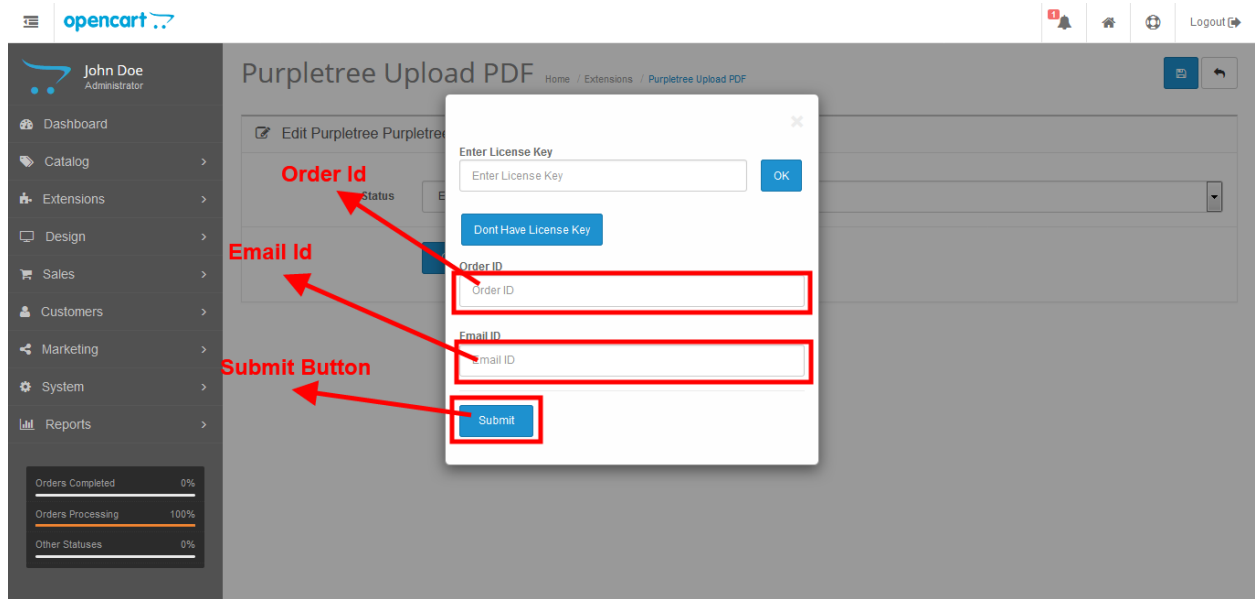

7. Enter your valid license key in the license key box > click to Ok button > Click to blue color save button. Now your theme license will be activated.

Or

Go to Admin > Extensions > Extensions > Purpletree Search Autocomplete and Suggestion > Click on “Don’t Have License key” button. Enter your Order ID which was generated when you placed an order for our extension and “Email ID”. Click on Submit Button and your license key will be filled on License key field.

8. Click on save button on the top right of the page
9. Go to "System -> Users -> User Groups > Edit Administrator".
 - For opencart version 2.3 and earlier- set access permission to "extension/module/purpletree_search_autocomplete".
 - For opencart version older than 2.3- set access permission to "module/purpletree_search_autocomplete".

2 USAGE INSTRUCTIONS

Just hit your store url and start typing product name in search bar, you'll be given a dropdown list of products along with their prices and links('Add to cart', 'Choose options') and categories related to search keyword.

- Add To Cart - Product will be directly added to cart
- Choose Options – If there is/are any choice/s in the product then customer will be redirected to product page

Note: Enter at least two characters in the search bar.

3 SUPPORT

Please raise a ticket from <https://www.support.purpletreesoftware.com> with following information:

1. Order Id
2. Domain name
3. FTP login information (complete information using which one can login)
4. Opencart Admin login information (full access using which installation etc can be done)
