## INSTALLATION

Before installation, make sure the OpenCart Extension Installer is correctly configured, especially for the FTP settings, including the FTP Root. See

<http://docs.opencart.com/extension/installer/> for more details.

1. Go to “Extensions” -> “Extension Installer”.

2. Upload the product\_video.ocmod.xml.
3. Go to “Extensions” -> “Modifications”. You should see an entry for this – “Upload Video for OpenCart 2.x”.

## Modifications

Home / Modifications

Success: You have modified modifications!

Whenever you enable / disable or delete a modification you need to click the refresh button to rebuild your modification cache!

### Modification List

General Log

<input type="checkbox"/>	Modification Name <span>▼</span>	Author	Version	Status	Date Added	Action
<input type="checkbox"/>	OpenCart 2.3 Compatibility Fixes	The Krotek	2.2.1	Enabled	21/06/2017	 
<input type="checkbox"/>	Upload video for OpenCart 2.x	Purpletree	2.x	Enabled	27/06/2017	 

Showing 1 to 2 of 2 (1 Pages)

4. Click on the Refresh button, on top right of the page.

5. Now, go to Extension > Extension Select "Modules" From Dropdown.

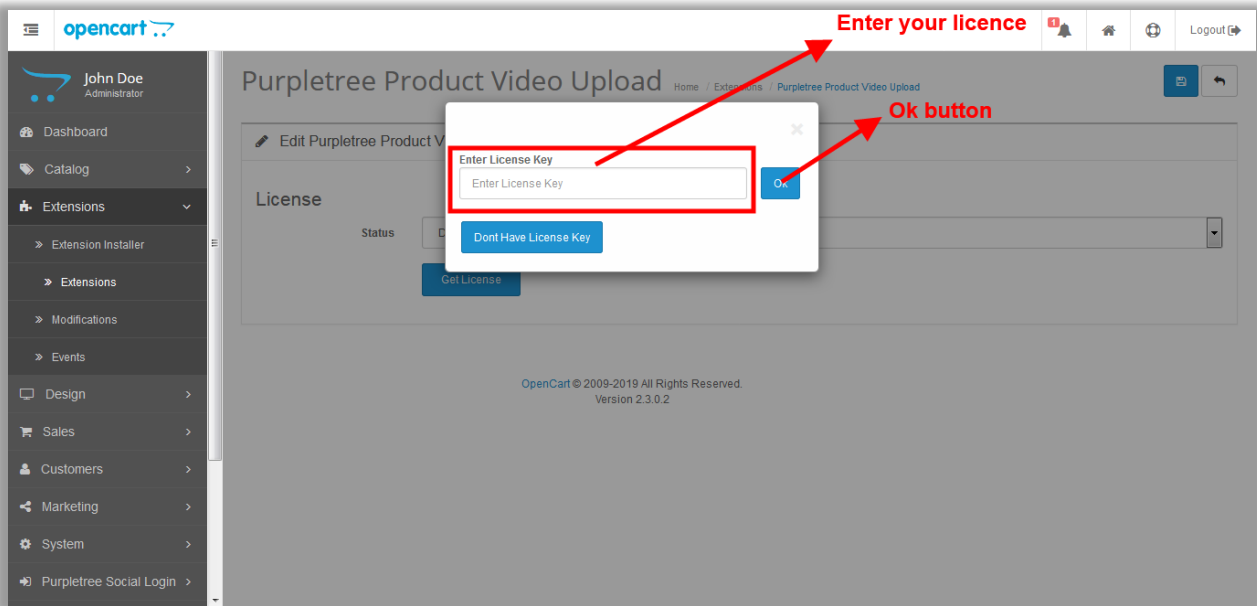

6. Scroll Down below, There is Extension Show “**Purpletree Product Video Upload**” Click to Green Button to Install the Extension.

7. Click on “Get License” button. Enter License Key –This key is provided when you purchase the Extension.

8. Enter your valid license key in the license key box > click to Ok button > Click to blue color save button. Now your extension license will be activated.

Or

Go to Admin > Extension > Extension > Purpletree Product Video Upload > Edit Module > Click on "Don't Have License key" button. Enter your Order ID which was generated when you placed an order for our extension and "Email ID". Click on Submit Button and your license key will be filled on License key field.

The screenshot shows the OpenCart administrator interface. The main content area is titled "Purpletree Product Video Upload". A modal window is open, titled "Enter License Key". The modal contains the following elements:

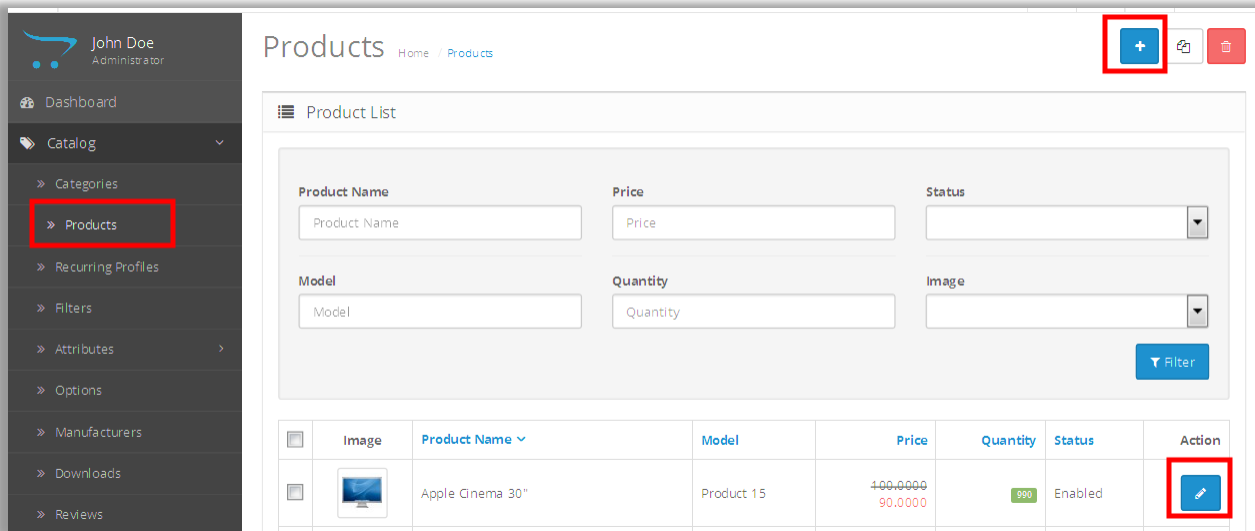

- An input field labeled "Enter License Key" with an "OK" button to its right.
- A dropdown menu with the selected option "Dont Have License Key".
- An input field labeled "Order ID".
- An input field labeled "Email ID".
- A "Submit" button.

Red arrows point from labels to these elements:

- "Order id License" points to the "Order ID" input field.
- "Email Id" points to the "Email ID" input field.
- "Submit" points to the "Submit" button.
- "Dont have license key" points to the dropdown menu.

## USAGE INSTRUCTIONS

1. For added Video go to Catalog->Products, add or edit product.

2. Get the embed code for the video you want to show on product page. This can be easily obtained using these steps: <http://bit.ly/2s2T4F6> .
3. Paste the embed code for youtube or vimeo and define height and width of the popup for the chosen language tab.

### Example of embed code for youtube:

```
<iframe width="560" height="315" src="//www.youtube.com/embed/YE7VzLtp-4"
frameborder="0" allowfullscreen></iframe>
```

### Example of embed code for vimeo:

```
<iframe
src="https://player.vimeo.com/video/221472035?color=aaaaaa&title=0&byline=0&port
rait=0&badge=0" width="640" height="360" frameborder="0" webkitallowfullscreen
mozallowfullscreen allowfullscreen></iframe>
```

**Description**

**Rich Text Editor:** 

The 30-inch Apple Cinema HD Display delivers an amazing 2560 x 1600 pixel resolution. Designed specifically for the creative professional, this display provides more space for easier access to all the tools and palettes needed to edit, format and composite your work. Combine this display with a Mac Pro, MacBook Pro, or PowerMac G5 and there's no limit to what you can achieve.

The Cinema HD features an active-matrix liquid crystal display that produces flicker-free images that deliver twice the brightness, twice the sharpness and twice the contrast ratio of a typical CRT display. Unlike other flat panels, it's designed with a pure digital interface to deliver distortion-free images that never need adjusting. With over 4 million digital pixels, the display is uniquely suited for scientific and technical applications such as visualizing molecular structures or analyzing geological data.

Offering accurate, brilliant color performance, the Cinema HD delivers up to 16.7 million colors across a wide gamut allowing you to see subtle nuances between colors from soft pastels to rich jewel tones. A wide viewing angle ensures uniform color from edge to edge. Apple's ColorSync technology allows you to create custom profiles to maintain consistent color onscreen and in print. The result: You can confidently use this display in all your color-critical applications.

Housed in a new aluminum design, the display has a very thin bezel that enhances visual accuracy. Each display features tun-

English

\* Product Name: Canon EOS 5D

Description

  
 Canon's press material for the EOS 5D states that it 'defines (a) new D-SLR category', while we're not typically too concerned with marketing talk this particular statement is clearly pretty accurate. The EOS 5D is unlike any previous digital SLR in that it combines a full-frame (35 mm sized) high resolution sensor (12.8 megapixels) with a relatively compact body (slightly larger than the EOS 20D, although in your hand it feels noticeably 'chunkier'). The EOS 5D is aimed to slot in between the EOS 20D and the EOS-1D professional digital SLRs, an important difference when compared to the latter is that the EOS 5D doesn't have any environmental seals. While Canon don't specifically refer to the EOS 5D as a 'professional' digital SLR it will have obvious appeal to professionals who want a high quality digital SLR in a body lighter than the EOS-1D. It will also no doubt appeal to current EOS 20D owners (although lets hope they've not bought too many EF-S lenses...) æ

5. You added video for the chosen language tab.
6. You should see the video link in frontend in product detail page. If not, ask for help from us using <https://www.helpdesk.purpletreesoftware.com>.
